**\*The City of Oconto Falls Curbside pickup route remains source separated at this time.** City residents can take recyclables to the City drop off center where items can be processed as single stream in the recycling roll off containers.

To save on recycling costs to your municipality, please take your recyclables to the municipal drop-off center where you reside. Non-residents may be subject to additional charges to dispose of recyclables or not accepted at their drop off center.

The following municipalities manage the recycling for their citizens separately and are not affiliated with the Oconto County Recycling Program: Breed, Brazeau, Chase, Gillett (City & Town), Lakewood, Little River, City of Oconto, Pensaukee, Spruce, Townsend, and Underhill.

## DROP OFF CENTERS- RESIDENTIAL WASTE STREAM ONLY!!

Please be aware that your municipal drop-off center is provided for the servicing of your citizens residential waste stream.

Businesses are to provide for recycling as part of their business operations. Consult with your business waste hauler for proper business recycling options.

**Recycling Oil Filters, Absorbents & Antifreeze:** A state mandated ban prohibits all landfilling of used engine oil filters and all oil absorbent materials, except absorbent materials with no free flowing oils or hazardous materials within can be landfilled. All types of materials used to absorb or contain waste oil are subject to the ban, including granular kitty-litter type absorbents, oil-dry cloth, rags, wipes, paper toweling and absorbent pillows, pads, socks, etc. Antifreeze or Ethylene Glycol is a poisonous substance that can be harmful to humans, animals and the environment. The best alternative to manage antifreeze is to recycle the material. Each drop off center is provided with a container for recycling used oil filters and antifreeze, although not all sites may have a container for absorbent disposal. Check with the site attendant for the proper disposal of these materials and associated fees.

## Recycle clean, dry plastic bags and film packaging

Look for this label on film products like these:

Air Pillars

Grocery & Retail Bags (labeled #2 (HDPE) or #4 (LDPE) 70% Recycled Content)

Case Wrap

Newspaper Bags

Ball Bags

Produce Bags

Food Storage Bags

Napkins, Paper Towels, Bathroom Tissue and Diaper Wrap Packaging

[plasticfilmrecycling.org](http://plasticfilmrecycling.org)

Recycle plastic bags, film & wrap at participating locations such as grocery, retail & hardware stores. Oconto Co. MRF & drop off centers do not accept plastic bags, film or wrap. Loose plastic bags, film & wrap clogs up processing machinery causing unnecessary expenses at recycling facilities and at local landfill
